

Chris Wong

Founder & Director

The concept of dialogue is very important in the practice as discourse represents the metaphoric milimetres of architectural orchestration.

Qualifications

BArch (Hons) (Houston) DipArch (Cantab) APAM RIBA ARB

Education

1985 - 1987 University of Cambridge, England
DipArch - RIBA II

1993 Malaysian Institute of Architects (PAM)
1997 Royal Institute of British Architects (RIBA)
1990 Architects Registration Board (ARB)

Biography

Chris Wong received his architectural education at the University of Houston and the University of Cambridge. His professional experience includes working for Skidmore Owens and Merrill in Houston in 1984-5 and Eric Parry Architects in London up till 1991 when he obtained his registration with the Architects Registration Board, UK.

He founded C'arch architecture + design in 1992. Informed by Chris's overseas experiences, the practice is structured with a large core of architects; complimented by a smaller support team to ensure that the design quality is maintained.

His interest in photography, history, travel and diving compliments the exploration in his work and research.
